Section: CASE MANAGEMENT

Subject: Family Investment Agreement/  
WoRC Employability Plan

- ▶ 1. Spouse (who is not a parent of a minor child in the household) who is disqualified for any reason;
- ▶ 2. Caretaker relatives who are not included in the assistance unit;
 

**EXAMPLE:** A grandmother caring for her grandchild is not required to be included in the assistance unit (but is required to be in the filing unit to qualify the minor child as living with a specified caretaker relative) and is coded 'OU' on the SEPA screen. If she chooses to be included, her Participation Code is 'IN' and she is required to have a FIA/EP.
- ▶ 3. Individuals who do not meet the citizenship/alien criteria to be eligible for assistance (DQ/IA);
- ▶ 4. Teen parent not living independently, in school (Adult/child indicator 'N');
- ▶ 5. Minor child or teen attending school; and
- 6. Individuals not included in the assistance unit.

**MINOR CHILD**

A minor child age 16 or 17 included in his/her parent's grant and attending school full-time, is not required to have a FIA/EP. However, if at any time he or she drops out of school, graduates or completes the program (thus no longer attending full-time) and continues to live with a specified caretaker relative, he or she is required to develop his/her own FIA/EP and comply through the month of his/her 18th birthday.

**If the child is age 18 and not attending school, he or she is no longer a minor child.** (TANF 304-1)

School enrollment and attendance must be verified at the beginning of each school year. During summer vacation, the child is considered enrolled as a full-time student.

**TEEN PARENT**

A teen parent is an individual under age 18, unmarried and caring for his/her minor child.

If the teen parent is living independently (TANF 302-1), a FIA/EP is required.

If a teen parent is not living independently (TANF 302-1), a FIA/EP is only required if he or she is **not** attending school full-time.

**SCHOOL**

In most public schools (elementary and secondary), full-time attendance

Section: CASE MANAGEMENT

Subject: Family Investment Agreement/  
WoRC Employability Plan**ATTENDANCE**

is defined as receiving instruction for the school term (180 instructional days) approximately six (6) hours per day/30 hours per week.

To determine school attendance and full-time student status for the 16, 17, or 18-year-old minor child, request a statement from the appropriate school official.

**SPECIAL SCHOOL SITUATIONS  
MINOR CHILD OR  
TEEN PARENT**

If the 16, 17, or 18 year old is **home schooled**, he or she is considered to be 'attending school full-time' and therefore, is not required to have a FIA/EP. Participation in a course of study must be verified. Some ways home schooling can be verified are (list not inclusive):

1. A lesson plan.
2. Verification of registration with the County Superintendent of Schools.
3. Statements from the parent and child stating that the child is being home schooled.

If the 16, 17, or 18 year old is attending **special education classes** to their maximum capabilities or attending regular classes to their maximum capabilities based on **medical restrictions**, this is considered attending school full-time and the teen would not be required to have a FIA/EP.

If the 16, 17, or 18 year old is attending **Graduate Equivalency Diploma (GED)** classes full-time rather than attending high school, the teen would not be required to have a FIA/EP.

**NOTE:** If the 16 or 17-year-old is studying for GED independently or attending GED classes less than full time, a FIA/EP is required. The 18-year-old would no longer being considered a minor child.

If a minor child with a FIA/EP is attending school, preparing for a GED or attending adult basic education less than full time but for at least one hour per week, the HSE component must be used on EMPL for the appropriate number of hours. Education should always be the first choice of activities.

**MINOR PARENT**

A minor parent is an individual under age 18, married and caring for his/her minor child. A minor parent is treated as an adult for participation purposes.

**► FIA/EP**

The Family Investment Agreement (FIA) section of the FIA/EP is renewed

Section: CASE MANAGEMENT

Subject: Family Investment Agreement/  
WoRC Employability Plan**RENEWAL**

at least every twelve months in conjunction with the annual redetermination of TANF cash assistance. TEAMS will not allow authorization of benefits beyond that date. It is, therefore, important to set this date for early in the month to assure the next month's benefits are issued timely if the participant has to reschedule.

At the FIA/EP renewal and redetermination appointment, a review of the number of eligible months remaining (TANF 801-1) should be completed.

If the participant fails to attend the FIA/EP renewal and redetermination appointment, the case closes at the end of the month. If the participant contacts the Eligibility Case Manager to reschedule the FIA/EP renewal and redetermination but a new appointment is not set until after the 10-day notice cutoff, a closure notice must be sent to the household. The case manager explains to the participant the need for a timely closure notice in case the rescheduled appointment is missed.

The Employability section of the FIA/EP is a "working" document that must be negotiated with the participant and the WoRC Case Manager on at least a monthly basis. There must a signed current Employability Plan in the WoRC Case File by the 15<sup>th</sup> of the current month, for the following month, or case closure will be recommended.
